

An aerial photograph of a modern landscape design. The central feature is a lounge area with a curved, built-in stone bench and a small fire pit. This area is surrounded by a series of curvilinear garden beds filled with various plants, including small trees, shrubs, and flowering plants. The garden beds are separated by low, curved concrete walls. The entire garden is bordered by a paved area with a pattern of red and white hexagonal tiles. In the background, a building with a grey facade and large windows is visible.

WELCOME TO

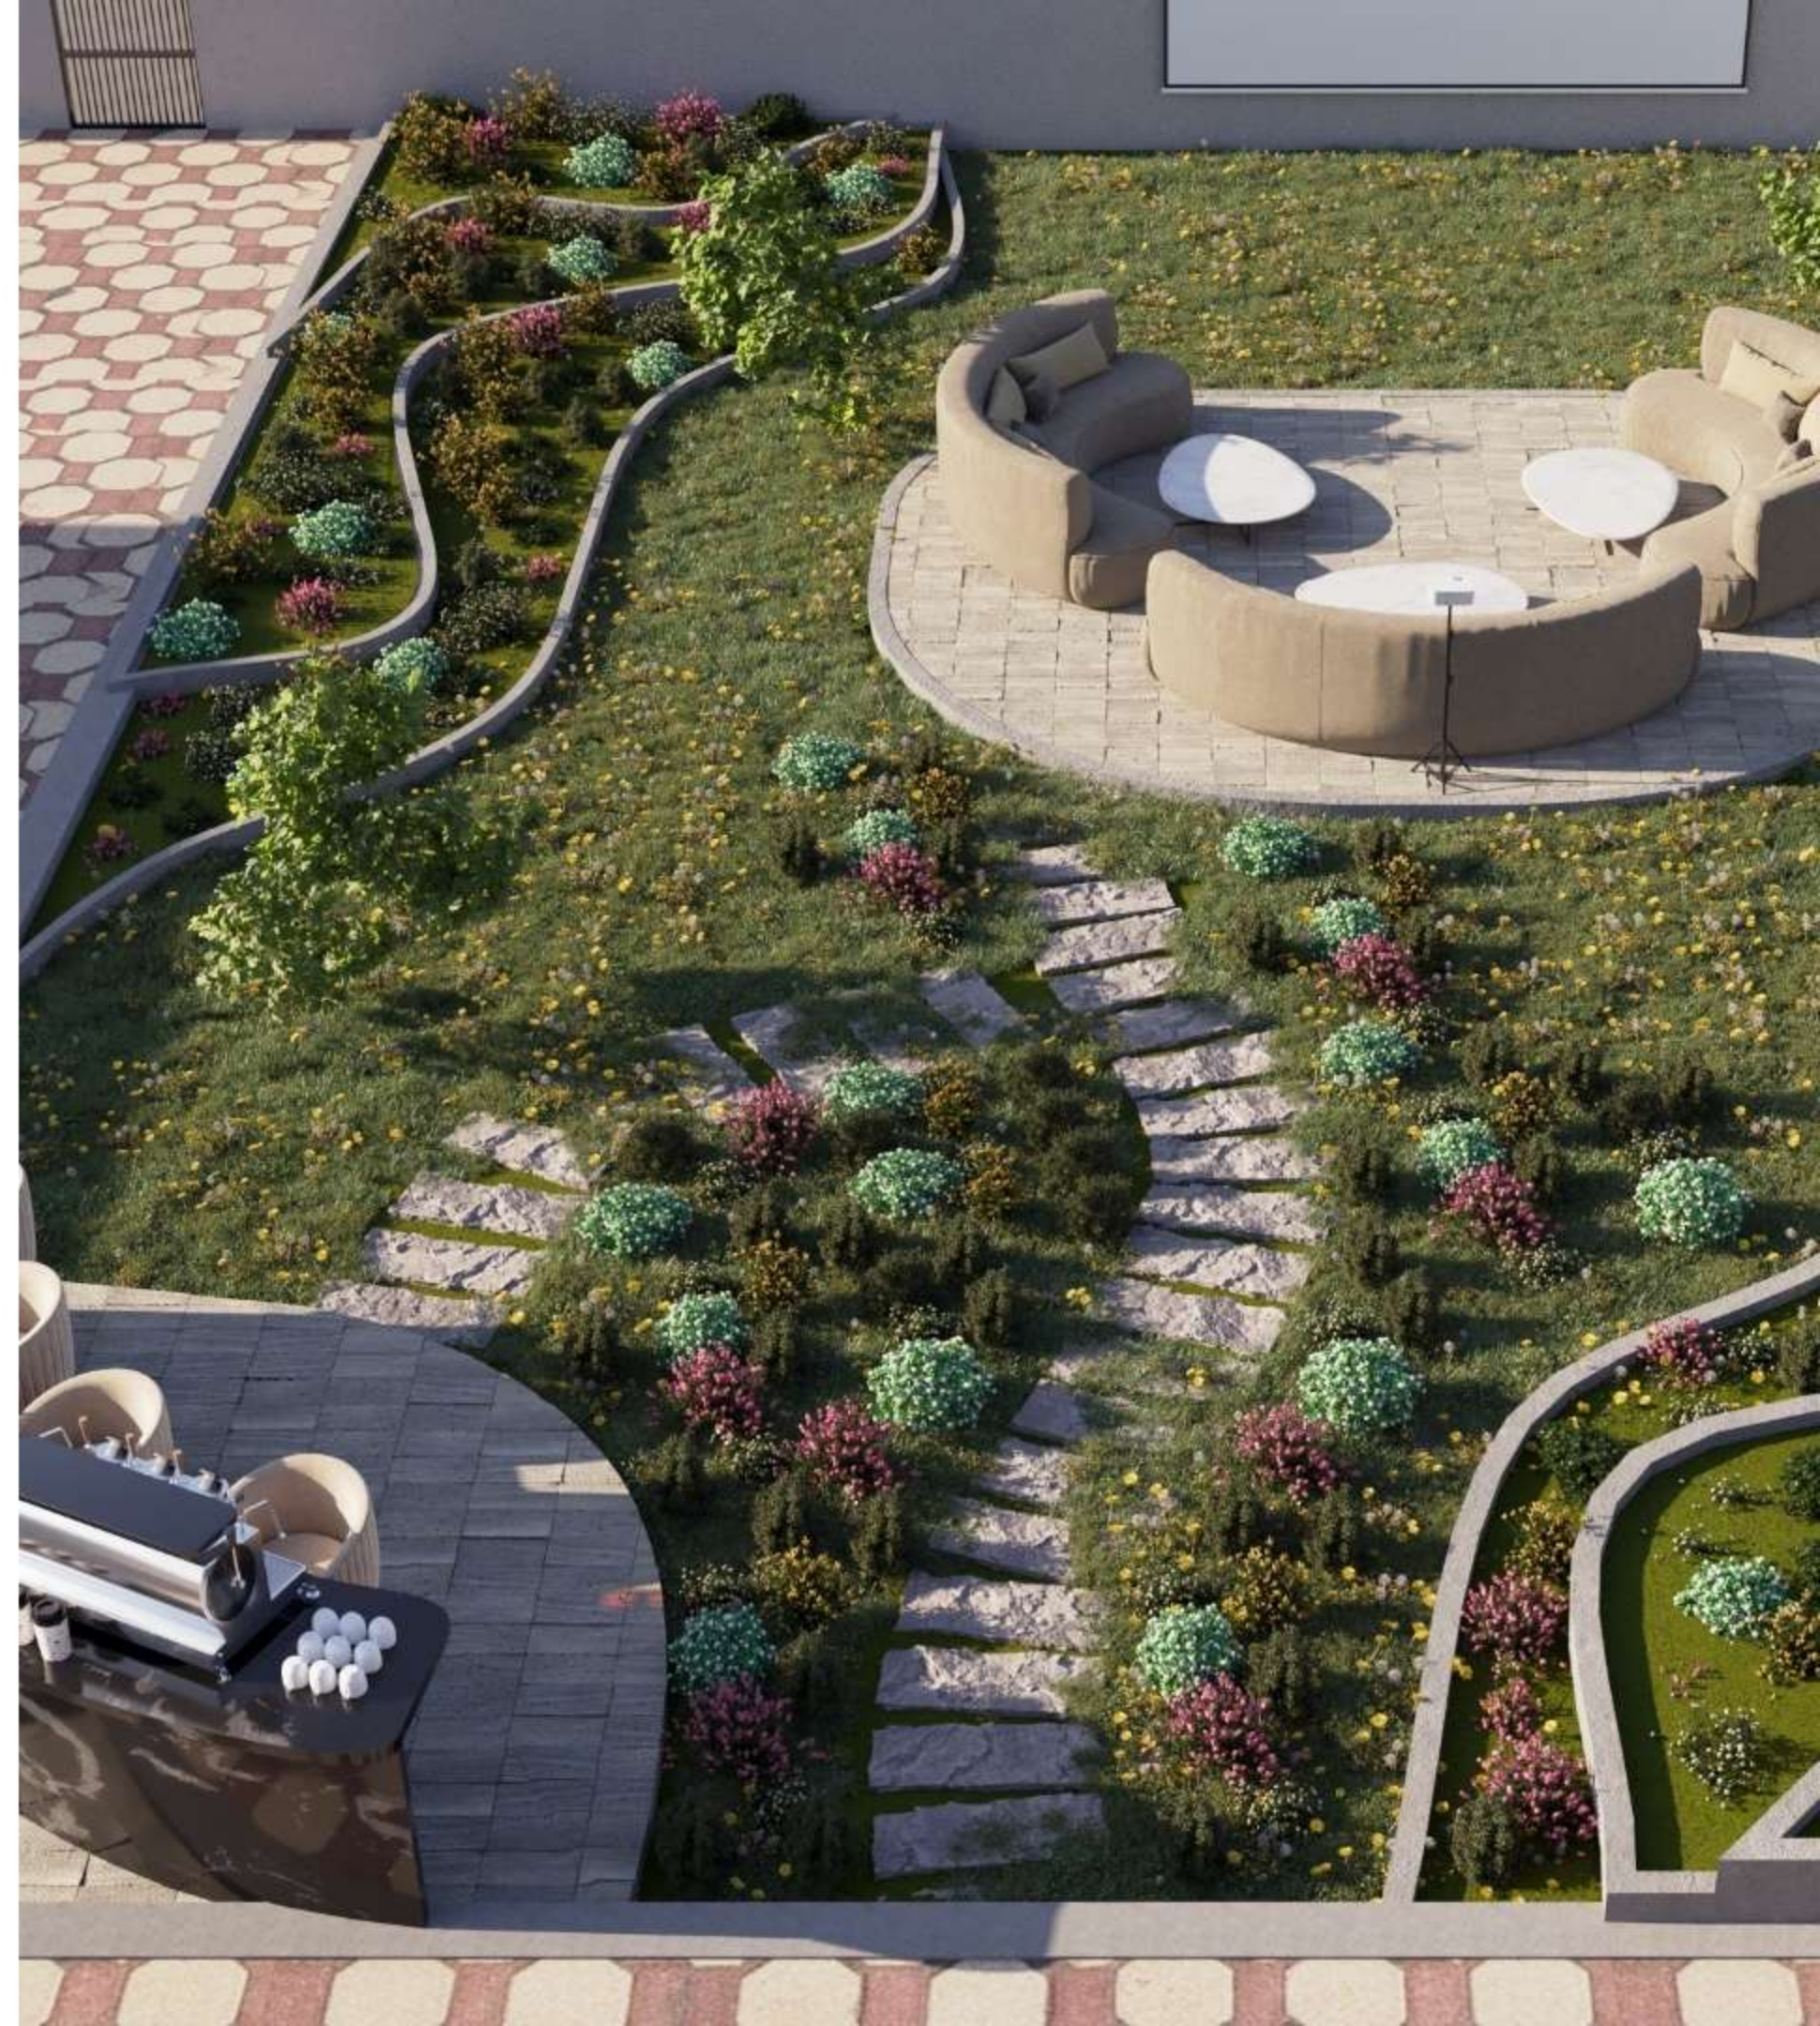

LANDSCAPE DESIGN

A CONTEMPORARY, CURVILINEAR SOCIAL
GARDEN THAT INTEGRATES LAYERED
ORNAMENTAL PLANTING WITH CENTRAL
LOUNGE AND HOSPITALITY ZONES TO
CREATE A FLUID, INVITING OUTDOOR
GATHERING SPACE.

INTRODUCTION

This landscape design presents a contemporary outdoor social garden that integrates hospitality, leisure, and ornamental planting within a structured yet organic layout. The space is carefully composed to balance hardscape functionality with softscape richness, creating a visually engaging and socially interactive environment.

DESIGN PHILOSOPHY

“Fluid Geometry within Structured Order”

The design philosophy merges three core principles:

1. Organic Flow

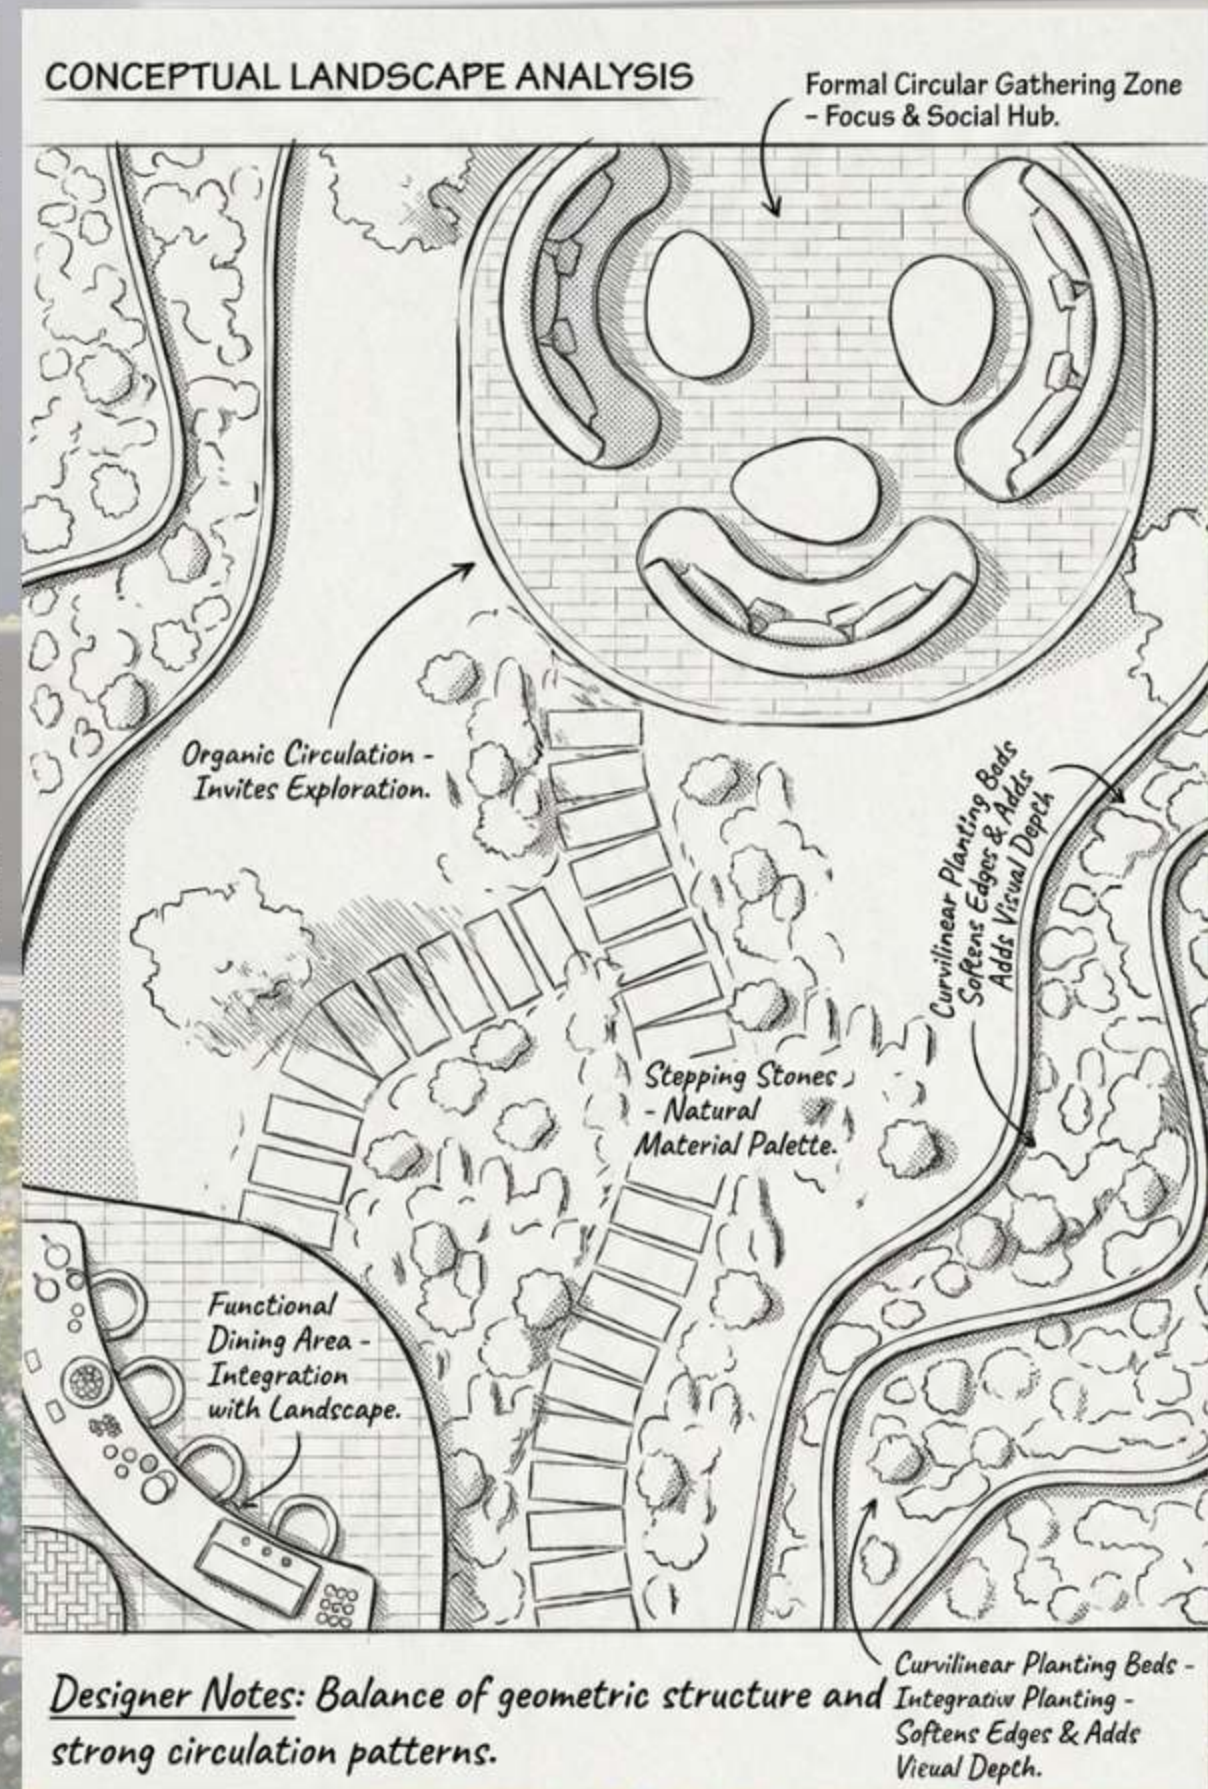

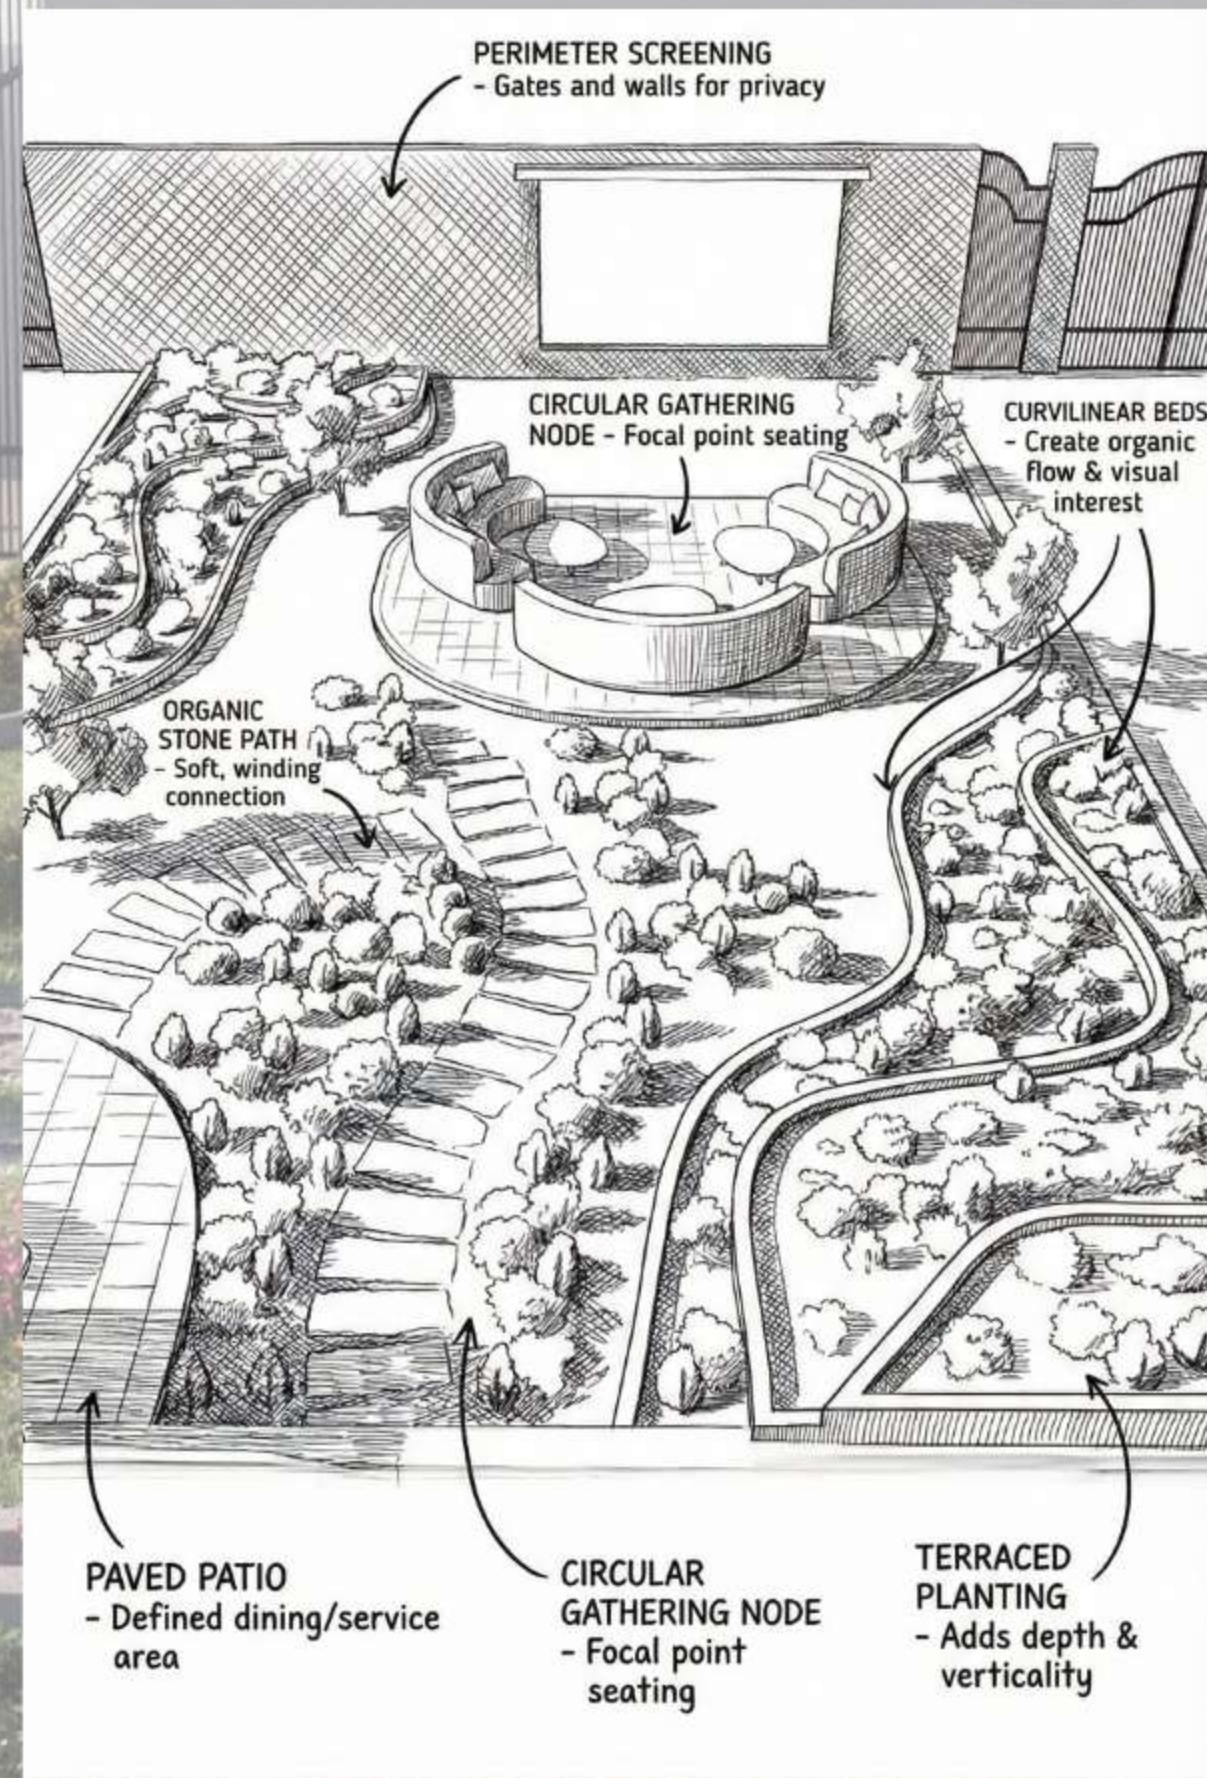

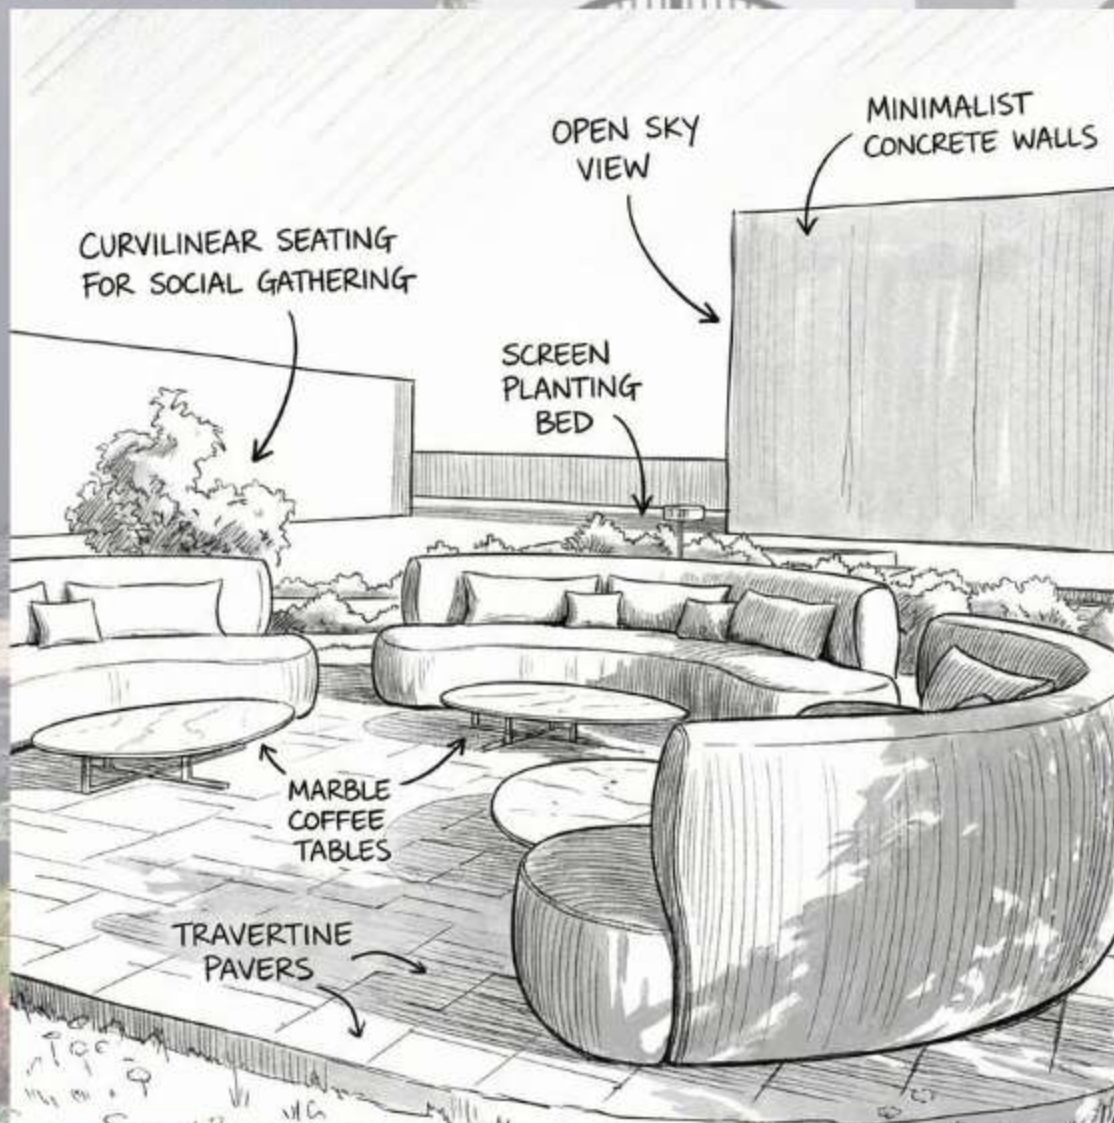

Curvilinear forms mimic natural topography and create movement continuity. There are no sharp corners in planted areas, promoting visual softness.

2. Social Centrality

The circular lounge symbolizes gathering and equality. All seating faces inward, encouraging conversation and connection.

3. Layered Ecological Texture

The planting scheme uses layered shrubs, flowering clusters, and lawn matrix to create biodiversity and seasonal visual dynamics.

CONCEPTUAL SKETCHES

SITE & SPATIAL ANALYSIS

SPATIAL ZONING

Zone	Function	Character
A	Central Lounge Platform	Social interaction / seating
B	Beverage / Coffee Bar	Hospitality / service
C	Curvilinear Raised Planting Beds	Visual interest / texture layering
D	Stepping Stone Circulation Path	Informal movement
E	Lawn Matrix with Shrub Clusters	Visual softness & spatial buffer

HARDSCAPE ANALYSIS

Central Platform

- Circular stone-paved deck
- Curved built-in sofas
- Marble coffee tables
- Creates a focal gathering node

Coffee Bar Platform

- Elevated paved semi-circular slab
- Integrated seating stools
- Functional service counter

Raised Planter Edges

- Smooth curved concrete retaining bands
- Multi-level terraced planting
- Adds depth and topographic interest

The background image shows a modern garden design. It features a grey wall with a black metal fence on top. There are trees with yellow and orange leaves in the background. In the foreground, there is a stone path leading through a garden bed with various plants, including pink and yellow flowers. A small black tripod stand is visible near the wall.

Strategy Element	Purpose
Centralized Lounge	Establish focal social node
Edge Activation (Bar)	Activate corner space
Layered Raised Beds	Create vertical depth
Curved Geometry	Enhance movement and softness
Visual Screening	Trees provide mild privacy

PLANNING
STRATEGY

FUNCTIONAL
PLANNING STRATEGY

TABLE OF GREENERY

No.	Plant Type	Height Range	Function	Placement Strategy
1	Small Ornamental Trees	2–4 m	Shade + focal accent	Near seating & lawn edges
2	Evergreen Shrubs	0.8–1.2 m	Structure + volume	Raised beds
3	Flowering Shrubs (Pink)	0.5–0.8 m	Seasonal color	Clustered repetition
4	Flowering Shrubs (White)	0.5–0.8 m	Contrast	Alternating with pink
5	Yellow Ground Flowers	0.2–0.4 m	Visual softness	Lawn matrix
6	Low Hedging Plants	0.3–0.6 m	Edge definition	Planter boundaries
7	Turf Grass	0.05–0.1 m	Circulation + cooling	Main open areas

PLANTING DESIGN STRATEGY

Small ornamental trees placed strategically near seating zones.

Layer 1 – Canopy Layer

Medium shrubs forming spatial definition.

Layer 2 – Structural Shrubs

Color clusters distributed rhythmically.

Layer 3 – Flowering Shrubs

Continuous green matrix with scattered wildflower effect.

Layer 4 – Ground Cover & Lawn
